<b>Reports</b> None		

Situated on 5.99 acres with excellent exposure Highway 12 located between Highway 2 and Lacombe , this property is ideally suited for vehicle-oriented commercial uses requiring visibility and access. Zoned C4 – Highway Commercial, this site supports a wide range of potential uses including automotive sales and service, equipment rentals, repair facility, building supply/lumber yard, modular home sales, heavy equipment sales and service, or industrial equipment servicing. The property includes approximately 4,000 sq ft of shop space, a partially fenced yard, and two former residential structures with potential for conversion to office or storage use. Previously operated as a welding and coil tubing facility, the site includes non-certified crane infrastructure and related equipment (negotiable). Currently serviced with propane, well and septic, with municipal services available at the property line for future upgrade. The landlord is offering a rent-free period for site preparation, the duration of which will be based on the strength of the tenant covenant and length of lease term. This is a flexible and functional location for businesses seeking exposure, access, and a site that supports commercial-industrial operations under the City of Lacombe's C4 zoning.
